#### Student Fund-raising Activities

The Board acknowledges that the solicitations of funds from students, staff and citizens must be limited, since students are a captive audience, and since solicitation can disrupt the program of the schools. Solicitation and collection of money by students for any purpose may be permitted by the Administration, providing that the instructional program is not adversely affected.

The Administration shall establish rules and regulations for the solicitation of funds by approved school organizations, official school/parent groups and by outside organizations. These rules and regulations shall be distributed to each student organization granted permission to solicit funds.
